No Vacancy?

“Jake didn’t leave no vacancy.”

What kind of vacancy would there be in God’s kingdom if we left?

*God loves to use those who are cleansed,
kind, and committed.*

No Vest?

the GOSPEL UNCHAINED

No Vest?

Every police officer in Los Angeles believes in bullet proof vests. But that is not enough.

They must take their belief to the point of personal commitment. They must be willing to wear the vest.

No Vest?

It is not enough to believe that a man named Jesus lived 2,000 years ago. We must take our belief to the point of personal commitment.

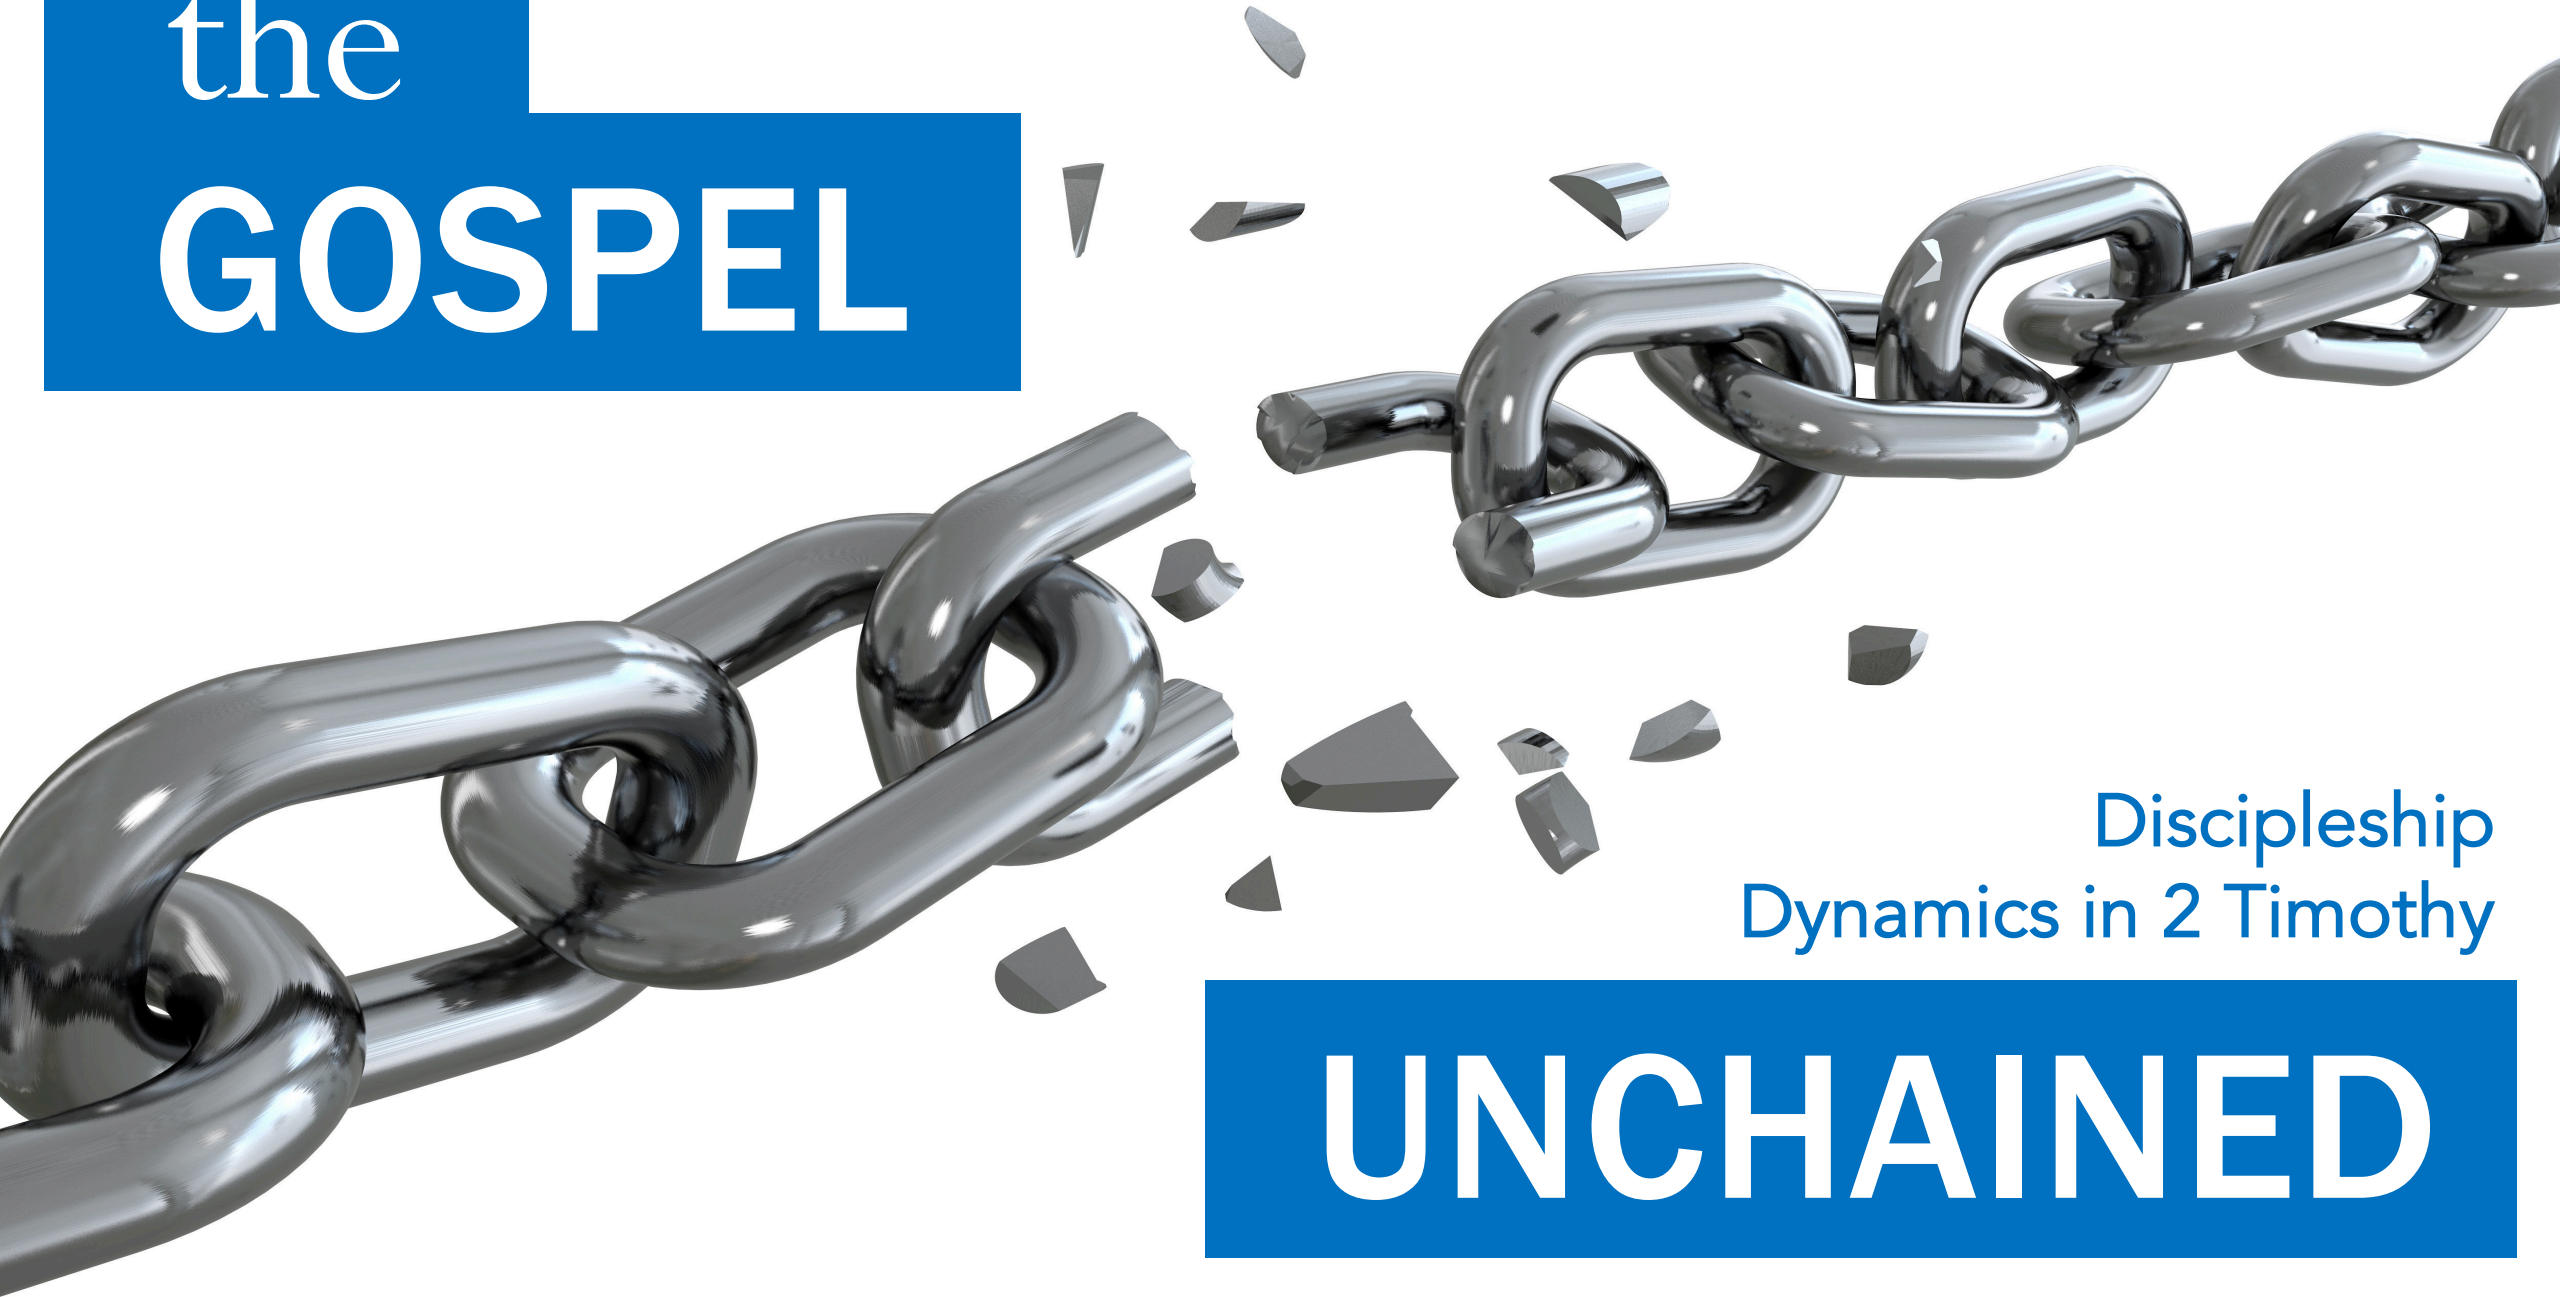

We must be willing to put on the risen Christ, receiving him by faith as our Lord and Savior.

*God loves to use those who are cleansed,
kind, and committed.*
